

Seminar Overview

Help! We're Going on a Short-term Trip!... is a highly relational, informative, and interactive seminar. Whether you're preparing your 2009 teams or investigating short-term possibilities, you will benefit greatly.

This seminar relays valuable information by simulating the process of equipping a short-term team. You will not only learn about leading, you will experience being a team member. **CULTURELINK** training emphasizes people development as well as ministry preparation.

Seminar Instructors

Terri Vincelette, a founding instructor for **CULTURE LINK**, served 10 years as a short-term ministry trainer for SEND International. Since '86, Terri has traveled to over 20 countries and earned her masters in cross-cultural ministries. She also has served on the Fellowship of Short Term Mission Leaders steering committee for seven years. Terri has now trained hundreds of leaders.

Dr. Gary Vincelette served with SEND International for 17 years in Europe. While there, Gary took Europeans on short-term mission trips. His doctorate is in world missions with focus on strategic global partnerships. Gary served as the Global Ministries Pastor of Highland Park Baptist Church, overseeing almost 100 missionary units. Currently, he serves at Christian Fellowship Church in Indiana overseeing their global work.

Terri and Gary met while training a short-term team to the Czech Republic. They became engaged in Prague. They prove that **CULTURE LINK** really works! They married in '03 and now train and lead teams together.
